

A NOTE FROM OUR CHIEF OPERATING OFFICER

March 2020

Argo will remain up and running

Dear Board Members,

Today the Governor ordered that all “non-essential” businesses reduce onsite workforces by 100%.

Your building staff are considered essential, and will continue to work as normal. We are providing them each with a letter indicating their “essential” status to carry with them.

We also consider Argo an essential business, given our role in overseeing staff and handling life safety issues at buildings. That said, Argo’s entire staff is able to work seamlessly from home, and we have been doing so for a full week now. We will keep a tiny back-office staff onsite to handle mail and other paper-oriented tasks.

So please contact us as usual if you need anything. We’re here. And expect to keep hearing from your property manager regularly.

Best,

Julie Zuraw
Chief Operating Officer
