

## A NOTE FROM OUR CHIEF OPERATING OFFICER

March 2020

**Building Staff Update**

Dear Board Members,

Yesterday, we confirmed that doormen are considered “essential” staff, because of their role in security, and the fact that most doormen also do porter duty. So if you have doormen staff, they can continue to come to the building.

All in all, building staff across all of Argo’s managed buildings have been reporting to work, with no major issues reported.

That said, the RAB and the union have come to agreement on allowing Boards to reduce staff in their building if needed. If your Board is considering this, please contact your property manager.

Hoping you and yours are well. As always, let Gustavo Rusconi (212-896-8622 or [gustavor@argo.com](mailto:gustavor@argo.com)) or me know if you need anything.

Best,

Julie Zuraw  
Chief Operating Officer  
[Juliez@argo.com](mailto:Juliez@argo.com)
